## What happens at a checkpoint?

- Israeli checkpoints and roadblocks surround Palestinian towns, denying freedom to the Palestinians living under Israeli occupation in the West Bank, Gaza, and East Jerusalem.
- Palestinians need permits (hard to get) to reach their jobs, schools, and places of worship. Israeli settlers and citizens, driving with different colored licenses, easily pass through.
- Palestinian ambulances and emergency vehicles are often denied access, causing unnecessary complications, even deaths and births at such checkpoints.
- Arbitrary searches and seizures: No due process for Palestinians, just humiliation.

Occupation & No Right of Return = **Apartheid**, a biased system of laws and policies

## "Apartheid? Wasn't that South Africa?"

"I have seen the humiliation of the Palestinians at checkpoints and roadblocks, suffering like us when young white police officers prevented us from moving about." ... "Israel will never get true security and safety through oppressing another people. A true peace can ultimately be built only on justice." ... "Injustice and oppression will never prevail."

- **Desmond Tutu**, South African anti-Apartheid activist, April 29, 2002 -- *The Guardian* newspaper.

**Israel claims a sacred law of "return" – any Jew anywhere in the world can easily obtain Israeli citizenship.** *However*, Palestinians expelled from the same piece of land during the founding of Israel in 1948 cannot return to the land where they were born. The Palestinian refugees are the oldest and largest refugee population in the world. After 54 years, it is time for the Palestinians to have full respect of their right to return to their lands in Israel and Palestine.

**You & I pay for this illegal occupation.** While the rest of the world must comply with UN resolutions, our government shields Israel from international law and gives it the most foreign aid. Already over 150 Billion dollars of our tax money have been spent for Israel, paying for a state founded on dispossession and oppression of the Palestinian people. **End military aid to Israel now!** Each of us should also **divest from Israel** as we had done from apartheid-led South Africa.

**September 2000 – April 2002: more than 1,700 Palestinians (and 400 Israelis) have been killed and 20,000 injured.**
